

Maximize Your Impact: Donate through Your IRA

If you're 70 ½ or older, consider a Qualified Charitable Distribution (QCD) from your Individual Retirement Account (IRA) to make a meaningful impact for people with IDD and autism. A QCD allows you to donate up to \$100,000 annually directly from your IRA to a charity. This smart giving strategy not only counts toward your required minimum distribution (RMD) but also helps you avoid higher income tax brackets.

By choosing a QCD, you support The Arc's advocacy and programs while optimizing your financial benefits. It's a win-win situation that enhances your philanthropic efforts and offers potential tax savings.

Consult your tax advisor to discover how this opportunity can benefit you and make your donation go further.

Join the many who have harnessed the power of QCDs to create lasting change. Your generosity can make a difference today.
